

The Cunningham Hill Federation Proposal

Outcome of Consultation

For the attention of pupils, parents, staff and other stakeholders

Following the ending of the Federation Consultation period on Friday 27th March 2020, the Governing Bodies of both schools considered the questions asked during consultation. It was felt that these questions could all be addressed satisfactorily and that nothing had been raised that had not already been considered prior to consultation. The questions raised and associated answers are attached.

As a result, the Governing bodies reached the unanimous decision that the Federation of Cunningham Hill Junior School and Cunningham Hill Infant School should proceed, with an expected starting date of 1st September 2020 (all things allowing).

A temporary combined Governing body has now been formed from the Junior and Infants schools existing Governing Bodies, and it is this group that will continue to work on the Federation process over the next term. Once further decisions have been made, they will be shared with stakeholders as soon as is practical.

We are excited about commencing work towards becoming a Federation and the positive impact this will have on the children in the future.

On behalf of Cunningham Hill Junior School and Cunningham Hill Infant School Governing Bodies
