

St Albans City Youth are looking for new players!

St Albans City Youth Under 8 Boys are looking for new players to join their squads. Next season the teams will move into the Under 9 age group and will also move from 5-a-side to 7-a-side football.

The boys will need to be in School Year 3 currently and therefore be Under 9 on 1st September 2021.

As our current squads have been playing for 2 seasons now, they're already at a relatively good standard and therefore we're looking for boys with good potential. To this end, we're looking to run some kind of trial session once the current COVID restrictions have been lifted.

We train once a week at Nicholas Breakspear 3G pitches and play matches at the weekend.

It's a great opportunity for the boys to keep fit, make new friends, develop their football in a good local team, but most importantly have fun.

If you're interested or would just like to know more please reach out to Ryan rmowat@kingsleynapley.co.uk

Thanks.
