

**Message from St Albans Cricket Club for parents of year 5 & 6 girls:**

St Albans Cricket Club has had a junior girls' team for 10 years. This year, thanks to the pause in play over the last year or so, we have a shortage of girls in years 5 and 6.

We would like to invite girls in these year groups (no experience necessary) to come along to the training session at 6pm on Friday evenings at the cricket side of Clarence Park. We are already playing matches, so our need for more numbers is immediate!

Lots of coaching available, and no pressure...

Please come along and join us. For further details, please contact:
