

CGP Books

Dear Year 6 Parents,

To support learning in year six and ensure that children are able to start Secondary school with the necessary understanding of the curriculum, we are asking all children to complete home-learning in CGP books.

The books are provided free of charge and will form part of the homework tasks for the Autumn and Spring Term 2021. The children will be given selected pages to complete by the teachers - these should be submitted on the designated day as we will be checking through them as a class.

The children will receive a copy of the question book. **If you would like to write answers in the question book, we request that you buy the books at trade price** (£5.40 for the 3 books or £1.80 per book if you would like to purchase individual books). If you prefer, you can write the answers in an exercise book. At the end of the academic year, books that have not been purchased will be collected. Please ensure that they are in good condition without any writing in them so they may be used next year or you will be charged (at the individual cost of £1.80 per book).

Payment can be made in the 'Payments/ Shop' section of ParentMail.

Kind regards,

The Year 6 team
