Year 6 CGP Books

Dear Year 6 Parents/ Carers,

To support learning in year 6 and to ensure that children are able to start secondary school with the necessary understanding of the curriculum, we are asking all children to complete home-learning in CGP books.

The books are provided and will form part of the homework tasks for the Autumn and Spring Term 2022. The children will be given selected pages to complete by the teachers - these should be submitted on the designated day as we will be checking through them as a class.

The children will receive a copy of the question book. **If you would like to write answers in the question book, we request that you buy the books at trade price - £6.50 for the 3 books** (retail value - £12). If you prefer, you can write the answers in an exercise book. At the end of the academic year, books that have not been purchased will be collected. Please ensure that they are in good condition without any writing in them so they may be used next year or you will be charged (at the individual cost of £2.50 per book).

Payment can be made in the 'School Shop' section of Arbor.

Kind regards,
The Year 6 team
