"Fun with chess"

Dear Parents,

Thank you for supporting chess club. The children have had excellent learning curve. Chess improvement comes from casual games and match play. Children from Year 1 to Year 6 can join and be part of the school team. Playing against friends improves their confidence. The skills acquired in learning chess will enhance your child's logical thinking and improved creativity. Children are welcome whether they are complete beginners or have knowledge of chess.

The chess club resumes on **17/1/23** and concludes on **21/3/23** (excluding half term on 14/2/2023). The fee for this term is £ 65. Please note that fees are non-refundable in the event of absences or closure of the school for any reason.

If your child knows how to play chess, we would love to meet them in the free trial. If they are a complete beginner, we can teach them the basics and get them started playing chess.

Please note that fees are non-refundable in the event of absences or closure of the school for any reason.

Dear parent/carer.

The French club ran in your school this term was proving very popular with children. It was enjoyable and we covered a variety of French topics. I am native French with a diploma of French as a Foreign language, University Reims Champagne, France

I am happy to restart the French club for 10 sessions starting Wednesday 18 January to 22 March from 3.20 to 4.25. The cost will be 55 pounds (payable to Nadia Ifri at the beginning of the term). The club will be organized within small informal sessions, children learn through songs, games and more. I aim to give children the self confidence to communicate naturally and spontaneously in French. I also aim to encourage good French intonation as well as a wide range of everyday vocabulary. If you want your child to attend the French Club, please fill the application form below and return it to the school office.

I look forward to welcoming your child *to Oh la la French is fun.*
